The authors apologize for a labeling error in Supplemental Material 6 of our published article [1]. The original figure switched the labels for “Steenland et al.” and “Bone Party Trial Working Party”. We have resubmitted the correct file below. This error does not affect the results of the forest plot and does not alter the conclusion of the paper.

Likewise another mislabeling error occurred, where all instances of “Bone Party Trial Working Party” should be replaced with “Bone Pain Trial Working Party”. We regret these errors and apologize for any inconvenience caused as a result.
